Property Description

Unique location seafront! Magnificent luxury villa under construction in Santa Luzia with sea view. Surrounded by nature and with all the necessary amenities for everyday life, it will be a place with a life of its own that allows its residents to live better.

It is located near Santa Luzia pier and with direct access to major national and regional road networks.

The old buildings in the area have been preserved and interconnected with the new buildings to create a unique atmosphere that ensures each property is unique.

Villa with luxury finishes as:

- Thermal solar panels for the production of domestic hot water.
- Built-in air conditioning with multi-split system.
- Soundproofing.
- Sockets equipped with USB terminal.
- Pre-installation of home automation, data network and cable television.
