Property Description

This villa of excellent construction and large dimensions is located a few minutes from Loulé, the beaches, and the Faro airport. The view is stunning to the southeast and you can watch the planes land. The terraces are covered giving a cozy and protected air either in the sun or rain. The pool is at the lowest level of the ground level, without losing the view, and with enough space for excellent leisure or entertainment areas. The basement flat is part of the living area of the house and offers a kitchen, living room, bedroom, and bathroom. The heating is unusual but economical with an air box for hot or cold. A cosmetic refurbishment turns this villa into a pearl.
